Future brides are being encouraged to attend open days in Manchester, Preston and The Lakes, where they will be given the chance to win their dream wedding worth over £10,000.

The North West hotel group have teamed up with local suppliers to provide everything a couple will need for the big day, that will take place in 2018 at the venue, from a wedding dress, suits and flowers to a wedding breakfast, evening buffet and photography.

Carl Darcy, marketing consultant for Squire Hotels said: "Weddings are one of the best days of a couple's life but finding the funds for the perfect wedding, and all the little bits that go with it, can often be difficult so we wanted to make someone's dream become a reality!

"We've sourced everything from the dress and suits to the photographer and of course the venue so everything is taken care of which just leaves the winning bride and groom to add their finishing touches to their special day."

The wedding open day's take place throughout September, and for those not lucky enough to win the main prize, each couple will be given the chance to 'find the key to their dream wedding' by choosing a key to unlock a chest containing various items that go part way to making the perfect day at the hotel complete. From bespoke table plans and a Prosecco toast to a canapés arrival or late night snack.

Mr Darcy added: "The aim of this campaign is to do something for the majority and although not everyone can win, we wanted to at least provide something to visitors that goes a little way to making wishes come true."
